

DEAD HEAT RUN IN STONY BROOK SELLING STAKES

Beaucoup and Wise Mason Pass Under Wire So Close Together Judges Can't Sep- arate Them.

WASHINGTON, N. C., October 27.—In an exciting finish Beaucoup and Wise Mason ran a dead heat in the Stony Brook selling stakes, one mile and sixteenth, to-day. They were the only starters in the race, and the purse was divided. Wise Mason cut out the pace and led into the stretch, when Creevy brought Beaucoup up on the outside. All through the final furlongs both horses were under a terrific drive and finished so close together that the judges were unable to separate them; summaries:

First race—selling, six and a half furlongs, \$400 added—Earl's Court (2) to 1st, Seymour Beutler (4) to 1st, second, Enfield (5) to 5th. Time, 1:21.45.

Second race—six furlongs, \$400 added—Charles Hargrave (7) to 1st, Billard Ball (8) to 2nd, Margit (3) to 1st third. Time, 1:15.10.

Third race—the Stony Brook stakes, selling, mile and sixteenth—Wise Mason (15) to 1st, Tims, 14/1 to 3.5. Dead heat. Only two horses started.

Fourth race—one mile, \$500 added—Huck (1) to 1st, Nimbus (3) to 1st, second, Sis (10) to 1st third. Time, 1:40.25.

Fifth race—selling, six and one-half furlongs, \$400 added—Responsive (18) to 1st, Hudas Sister (even) second, Helen Carroll (15) to 1st third. Time, 1:22.25.

Sixth race—mile, \$400 added—Hampton Court (5) to 1st, Christine (2) to 5th, second, Tubal (8) to 1st third. Time, 1:42.25.

T. M. Green Shows Class.—T. M. Green, at 7 to 1, showed his class to-day by winning the handicap at Landonia in a driving finish from a good field. He made the race the way, and had enough spirit left to call the challenge of Al Muller and Madman. Two favorable wagers, the track was in good condition and the attendance large. Summaries:

First race—five furlongs, \$200—Tortoise (7) to 1st, Uned (2) to 1st, second, Emory Lou (4) to 1st third. Time, 1:02.45.

Second race—six furlongs, handicap, pure, \$200—Southern (7) to 1st, first, Radiation (4) to 1st second, Carondelet (4) to 1st third. Time, 1:04.45.

Third race—five furlongs, selling, pure, \$200—Youthful (18) to 1st, first, Bottles (4) to 1st second, Kokomo (4) to 1st third. Time, 1:15.25.

Fifth race—six furlongs, selling, pure, \$200—Joe Moser (3) to 1st, first, Joe Moser (3) to 4th, second, Barndie (12) to 1st third. Time, 1:15.15.

Sixth race—Pocotaligo (7) to 1st, first, The Shaughnessy (5) to 1st second, Light Blue (9) to 5th third. Time, 1:14.00.

COBB LEADS HERE, TOO.

Reaches Staunton in Auto Ahead of All Others. Other Contestants.

STAUNTON, VA., October 27.—In the New York-Atlanta endurance run by Cobb, the famous member of the Detroit Baseball Club, drove the first car into Staunton at 1:30 this evening, beating the schedule by two hours. All forty-two cars in the run finished the third day in good style. Members of the Staunton Auto Club went to Harrisonburg to escort the column into the city.

The contestants spent last night in Gettysburg and took dinner to-day at Winchester. They were tendered a banquet by the management of the Poverty Hotel. They will leave at 8 o'clock in the morning for Roanoke.

WILL BE GREATEST EVER

NEW YORK, October 27.—"This year's Vanderbilt cup race will be the greatest and safest contest in the history of the kind ever held in this country," said W. K. Vanderbilt, Jr., to-day after he had watched some of the drivers on the trial laps of the Vanderbilt event, and had made two circuits of the course in his own machine at a fast clip.

With favorable weather conditions, he continued, "I am convinced that a new American record will be made by the winner."

My original idea, when I presented the cup for competition was back in 1904 was to develop the product of the American manufacturer and put it on a level with the foreign makers. For years France led the world in the manufacture of automobiles, largely because of the information which their makers gained through road races. Now the American is beginning to show them."

GREAT CROWDS AT WHEELBOURG

Thousands Swarm Along Midway and About Race-Track on Second Day.

CHARLOTTE, N. C., October 27.—The second day of the MacKenzieburg Fair was successful for a magnificent Tuesday, which the fair could not resist, but today the weather was good, and the fair of the midway drew thousands. Following are the results of the racing to-day:

The Races.

First race—3:22 pace, purse, \$500—Maxie Direct, D. Lockhart, Orlando, Fla. 7 to 2, 2 to 3; Edith Hunsinger, M. Doyle, Lynchburg, Va. 7 to 4, 1 to 2.

V. M. I. AND ST. JOHN'S WILL PLAY SATURDAY

Loss of Kingsolving Heavy Blow to Cadets, But Close Game Is Expected—Both Teams Stronger Than for Several Years.

[Special to The Times-Dispatch.]

LEXINGTON, VA., October 27.—Dr. Lam-beth in his article on South Atlantic Football, in Spaulding's Football, mentions three teams who, year after year, get the best possible results from the material at hand. These teams are V. M. I., St. John's and Davidson College. V. M. I. plays both St. John's and Davidson, and they are two of the most interesting games on the college list.

St. John's Team a Strong One.

St. John's and V. M. I. play on next Saturday and the game promises to be a hard fought one. St. John's has recently defeated Eastern College 25-0 and Davidson 14-0, and held Virginia 14-0 and Navy 14-0. This record indicates that St. John's has the strongest team it has put in the field for several years. V. M. I. has defeated the team from the North Carolina State and Carolina 5-0. This record also indicates that V. M. I. is particularly strong this year, and except the St. John's will have to enter the game without the services of Kingsolving. It is a star quarterback, a victory would be confidently looked for at Lexington on next Saturday. It is a singular coincidence that the same occurred on Oct. 27, 1908, when V. M. I. defeated St. John's 14-0. Coach Glott has not yet succeeded in finding an acceptable substitute at quarterback on that occasion. The result was a 14-0 victory for V. M. I.

Henry Pogue at fullback is showing in better form this year than at any time in his career. He is a star player and has been back, though that proposition occupies his entire attention, and he will go in. Which ever of the two teams wins, St. John's game will have the call in the Virginia game the following Saturday.

RESULTS SELDOM ALTERED BY GOALS FROM THE FIELD

Last year, following the football season, "The Press" asked the opinion of a number of football experts as to the point which should be credited to a team making a field goal, whether from placement or by a drop kick. There is no question in the opinion of most officials and coaches felt that three points should be the number for a field goal and the rule-makers, there by, cut it down from four, which it had previously been, says Mr. Wieseguy in the Philadelphia Press.

So far this season there has been but one instance where in the big games in the East the difference in the points from a field goal has been the difference between a win and a tie. In the Indiana-State game, Had State been allowed four points for the goal from the field, it would have won. In the Hollenback's charges would have won by a score of 9 to 8 instead of being tied by the 8 to 8.

There is not another instance where the field goal, counting three points, changed the result of a game, so far as the record discover, by going over the records.

The drop kickers are becoming more expert each year, and the goal is a number of big events. So that unless the games which are to follow bring new developments, the extra points would have won, the only team which can kick on the new legislation is State.

It has long been argued that four points for a goal from the field, the work of one man, was too much, but the fact is, the drop kick, really started the trouble. He was an expert drop and place kicker, and his too was a game. He would not have been there if he had not been a drop and place kicker, and his too was a game. He would not have been there if he had not been a drop and place kicker, and his too was a game.

Harvard also won from Williams because the Crimson had a man who could kick a field goal. The score was 8 to 6. Do you suppose the Harvard men cared for the fact that the Crimson had a man who could kick a field goal? Harvard defeated Delaware by 3 to 0, because they had a drop kick. But again what was the difference.

Ability to kick goals allowed Rutgers to score on the New York Rensselaer, and to tally three points on Cornell and Yale.

CHARLOTTEVILLE, N. C., October 27.—Virginia undergraduates to-day showed their appreciation of the varsity team's victory over the Navy by assembling on Lambert's Field and voting an hour to singing college songs and playing the entire repertoire of the college band. The Navy team, led by Roy Faville, president of the General Athletic Association, furnished music, and "Rensselaer" sang a song about the baseball team, acted as cheer leader.

SPIDERS PRACTICE

Richmond College Men Get Ready for
Carolina Game.

Out on the gridiron yesterday the Spiders were in a blood-sucking mood, together with a vim and grinding down into fighting condition for the contest with the Tarheels. The recent defeat of the Richmond eleven have spurred them to harder and more effective practice. The Spiders, who were in Virginia in much better trim than they were when the V. P. I. machine crushed them last week.

BASKETBALL HELPS FIGHT PLEVER

PRINCETON NO DEAD ONE

Unbiased Expert Still Expects Great Showing by the Tiger's Squad.

The return of Miller to quarterback for Pennsylvania should prove a judicious move because, if for no other reason, it puts a man back there who is decidedly clever at sending away the forward pass. Miller gave a fine exhibition of forward passing in the Cornell game last fall. The Pennsylvania captain has played basketball, and consequently has advantages which one who has played that game is likely to have over one who hasn't. The usefulness in football of an apprenticeship served in basketball comes in when players are rushing down on the man when he is about to make the forward pass. Basketball has taught him to stand his ground and not to become flurried by men rushing down on him. The tendency to duck and cover up or drop to the ground with the ball has been overcome by his basketball training, and he knows how to use one hand to ward off the enemy and with the other get away the throw.

There was an instance of this the other day when Princeton, in a game with Yale, was in a position to make a forward pass. Princeton's quarterback, who has played basketball, coolly took his time, when another man might have been hurried by the way the opponents were coming for him, held off the nearest opponent with one arm, and sent the spear throw to the desired spot.

Tackling as in football is one other the basketball player doesn't have to contend with, but he must be able to shift his position when he is being tackled. The basketball player, with his accurate and skilful manner in which Hyatt, the West Point quarter, manipulates the ball when about to make a forward pass doubtless is due to his basketball training, and the forward pass since it has come into use was a basketball player before he went to the gridiron. Kenneth of Pennsylvania, Wilson, the injured player, who was also a basketball player, was of Wisconsin, won a game the other day by intercepting a forward pass. He has played basketball, as have Crosby, the Cornell end, and Lang, the Dartmouth eleven.

[Special to The Times-Dispatch.]

REID, N. C., October 27.—Governor Kitchin issued a commission this afternoon to Hon. S. M. Gattis, Hillsboro, as solicitor for the Ninth Judicial District, succeeding Jones Fuller, who resigned to become counsel for the Raleigh Company.

RAILROAD EXTENSION.

Business men of Raleigh are delighted at the announcement that there is to be an extension of the Raleigh and Southport Railroad, four miles from Fayetteville, to Hope Mills, where connection will be made with the Atlantic Coast Line, Aberdeen and Rockfish, and the Virginia, Carolina and Southern Railroads. With a view, it is believed, of establishing a through train service between Raleigh and Marion, S. C., over the Raleigh and Southport, the Virginia, Carolina and Southern, and the Raleigh and Southport, the officials of the Raleigh and Southport will not discuss the significance of their proposed extension to Hope Mills. It is believed here that the Norfolk and Southern is interested in the move. The Raleigh and Southport has been developed into a very valuable piece of railroad property by President and General Manager John A. Mills and his aides.

WAKE SUPERIOR COURT.

The Raleigh Bar Association, just getting into a three weeks' vacation, has been called to order by the Wake Superior Court, has adopted resolutions in honor of the late Charles Manly Busbee, for many years an eminent and highly-esteemed member of the Raleigh bar, who died August 7. The resolutions were by John W. Hinesdale, R. W. Winston, J. C. Harris and Armistead Jones. There were high personal tributes by ex-Judge R. W. Winston, Colonel J. C. Harris and others.

CUMBERLAND FAIR FORMALLY OPENED

Brilliant Street Parade—Exhibits Surpass Those of Any Pre- vious Year.

[Special to The Times-Dispatch.]

FAYETTEVILLE, N. C., October 27.—The Cumberland Fair was formally opened to-day, among the features being a spectacular street parade, consisting of decorative floats, carriages, automobiles, advertising floats, 100 mounted marshals, etc.

The exhibits in all departments are pronounced by the people, who have been visitors and exhibitors for many years, to be the best in twenty years, with the exception of the live stock, which, however, is very good. Midway attractions are of the highest class ever seen here, while the racing is excellent. The parade class of exhibits indicates the great versatility of Cumberland's soil products, including almost everything grown in the temperate zone. The corn and fruit exhibits are especially notable.

THE RACES.

Following is the result of to-day's races:

2:50 class, trot or pace, for Cumberland and adjoining counties, horses only, \$100—Frisby Bay, Jackson, 4 to 1. Sport, Johnson, 3 to 1. 2 to 1. 3 to 1. 4 to 1. 5 to 1. 6 to 1. 7 to 1. 8 to 1. 9 to 1. 10 to 1. 11 to 1. 12 to 1. 13 to 1. 14 to 1. 15 to 1. 16 to 1. 17 to 1. 18 to 1. 19 to 1. 20 to 1. 21 to 1. 22
